Girl Scouts Aviation Day May 11, 2019

Alabama Chapter hosted a Girl Scouts Aviation Day for the Madison Service Unit on May 11. They had 20 Girl Scouts, 12 Leaders, and 16 Ninety-Nines / Friends of the 99s join us. The girls learned about the history of women in aviation, traffic pattern, basic aerodynamics, flight control surfaces, weight and balance, and map reading. They also built foam airplanes, flew flight simulators, and did a walk around of an airplane. They would like to thank LearJet John Aviation at Pryor Field for providing the airport space to host the event.
